

## High Capacity High Efficiency Freezers (HCHE)

The HCHE series provides customers the latest technology with capacities from 20,000 to 107,000 vials. Our freezers are equipped with an automated control with dual level sensing and touch screen display, ensuring product viability and ease of use.

Our premium multi-layer insulation and other materials along with the latest vacuum technology systems provides leading industry performance. Engineered and tested, our durable HCHE stainless steel freezers are suitable for today's requirements.

### FEATURES

- Automated control with Dual Level Sensing for product security.
- Solenoid monitoring for overflow protection.
- Gas bypass with unique LN<sub>2</sub> detection system
- Product can be stored in Vapor or LN<sub>2</sub>
- Full height turntable with uniquely marked sections.
- Auto defog.
- Stainless Steel Table-Top.
- Convenient access, all lids are hinged.
- Folding and lockable independent stainless-steel steps.
- Two independent temperature probes.
- Remote cloud monitoring capable.
